The Ethical Educator

Chapter 3: Professional Ethics

Reviewing a Code of Professional Ethics and Conduct

Use the Internet, the library, or professional publications. Find and review the specific code of ethics for educators in your state. Find the details of any standards for professional conduct.

| Part A. Outline the rationale for the code as it exists. Which values does it reflect? Does the code outline the behavior for the profession from a moral standpoint? Comment on the values reflected in each of the ethical principles listed. Provide an example of how following this code is beneficial for the school community at large. |
